

Goal: Advocate for and facilitate the collection, use and dissemination of consistent credible national data.			
Strategy 1: Identify, brainstorm, and problem solve challenges of required data collection and reporting.			
Activity	Needed Resources	Timelines	Person(s)/Committee Responsible
Conduct at least 4 to 6 conference calls annually with Committee members.			
Schedule a face to face meeting with committee members and other interested members at the annual Data Meeting sponsored by OSEP and Westat.			
Identify strategies to facilitate sharing of data collection and reporting concerns and promising practices across states and territories.			
Identify and/or prepare responses for the ITCA Board to OSEP and Westat on data collection and reporting concerns and public comment.			
Strategy 2: Develop and maintain a consistent ITCA national database.			
Activity	Needed Resources	Timelines	Person(s)/Committee Responsible
Continue to fund maintenance and development of the ITCA National Database.			
Maintain and refine ITCA National Database to facilitate updates and access to needed data for member states and			

other interested parties designated by ITCA.			
Maintain linkage to the Data Accountability Center
